(a) the early construction of a bridge across the Bhadra river at Tadasa.

It was resolved unanimously to recommend to the Government the early construction of the bridge across the Bhadra at Tadasa, as in the opinion of the Board it is urgently required for the reasons noted below :—

(a) Koppa depends for its grain supply mainly on the Tarikere market.

	(*b*) The construction of the Birur-Shimoga Railway cannot affect the supply of grain to Koppa from the Tarikere market. (*c*) Though the Malnad traffic to the Railway will be accommodated by the Yedahalli-Benkipur road, the grain traffic to Malnad from Tarikere cannot be diverted to that line.
(*b*) The continuation of the Birur-Lingadahalli Railway feeder road.	Resolved that the Government be requested to allot funds for this useful road from Local Funds General as this continuation to Hebbe *viâ*, Sampige Khan is in the opinion of the Board considered very important and urgent.
12. Proposed by Mr. K. Ramaswamaiengar that one-third share of the cost of constructing a dispensary for women and children may be borne by District Funds.	Resolved that the proportionate cost of the construction be met from the General Savings of the current year's District Fund Budget as per Government Proceedings No. 704-53—L. F. 117-93, dated 16th October 1893.
13. The question of maintaining the Koppa-Kalasapur road by the Government and providing a grant of Rs. 180 annually from the District Fund Budget was brought forward by the Executive Engineer.	Resolved that as in the case of similar branch roads a sum of Rs. 180 be paid annually to the persons who agree to keep up this road, under the usual conditions regarding the upkeep of the roads.
14. Proposed by Messrs. M. Ganesh Rao and others that they may be furnished with the Proceedings of the Board printed in Kanarese.	Resolved that it be represented to Government to have the Proceedings of the Board printed in Kanarese for the benefit of those members of the Board who do not understand English and of those whom they represent.
15. Read statement of expenditure incurred in the Revenue and Public Works Department from District Funds to the end of September 1894.	Recorded, with the observation that the expenditure in the Revenue Department being very poor, the Amildars be required to push on with the works more vigorously.
